

## Summaries of Nevada State and Federal Quarantines.

Please refer to the appropriate NAC or CFR for complete text of quarantine.

### Nevada Quarantines: (NAC)

Quarantine	Articles	Areas under quarantine	Provisions
<b>Colorado potato beetle</b> ( <i>Leptinotarsa decemlineata</i> ) NAC 554.700	Plants of tomato, eggplant, pepper, and Irish potato, any soil attached to such tubers, plants, or cuttings	All states & territories of US are considered infested <u>except</u> AK, CA, HI	Certificate of quarantine compliance required from infested states.
<b>Dutch elm disease</b> ( <i>Ceratocystis ulmi</i> ) <b>Phloem necrosis virus</b> ( <i>Morsus ulmi</i> ) NAC 554.110	Elm ( <i>Ulmus</i> sp.) Zelkova ( <i>Zelkova</i> sp.) See quarantine for restricted commodities.	All states <u>except</u> AK, FL, HI, UT, some counties in CA	Prohibited unless from an exempted state. Quarantine compliance certificate required verifying origin.
<b>European corn borer</b> ( <i>Ostinia nubilalis</i> ) NAC 554.230	Plants and cut flowers, aster, chrysanthemum, calendula, cosmos, dahlia (except tubers without stems), gladiolus (except corms without stems), hollyhock, marigold, zinnia, Japanese hop, rhubarb plants	All states <u>except</u> CA,OR, WA, ID, UT, AK, AZ, FL, HI, NM	Certificate of quarantine compliance required from all except those listed at left.
<b>European pine shoot moth</b> ( <i>Rhyacionia buoliana</i> ) NAC 554.590	Pine trees (except cut trees between Oct. 20 and Dec. 31)	All states <u>except</u> AK & HI. States known to be infested: CT, DE, ID, IA, IL, IN, ME, MD, MA, MI, MO, NH, NJ, NY, OH, PA, RI, WA, WV, WI, OR	Certificate of quarantine compliance required for infested states. <b>Inspection certificate OK from all others.</b>
<b>Japanese beetle</b> ( <i>Popillia japonica</i> ) NAC 554.162	Soil, humus, compost, manure (except commercially packed), grass sod, crowns or roots used for propagation (except soil free), and any other plant, plant part, article, or means of conveyance presenting a hazard of spreading Japanese beetle.	CT, DE, GA, IL, IN, KY, MD, ME, MA, MS, MI, NH, NJ, NY, NC, OH, PA, RI, SC, TN, VT, VA, WV, AL, KS, MN, MO, WI, Canadian provinces of Quebec and Ontario.	Phytosanitary certificate required per US Domestic Japanese Beetle Harmonization Plan for all areas covered under quarantine. Nevada is a Category 1 state under the plan.
<b>Lethal Yellowing of Palm</b> (causative organism) and the plant hopper <i>Myndus crudus</i> NAC 554.535	Susceptible palm trees, screw pine, and hosts of <i>Myndus crudus</i> (the vector of lethal yellowing of palm), and all parts capable of propagation, except seed, are the articles and commodities covered. See text of quarantine for specific commodities.	<b>Florida</b> counties of Broward, Collier, Dade, Hendry, Lee, Martin, Monroe and Palm Beach; and Cameron, Hidalgo and Willacy in the state of <b>Texas</b>	<b>The entry into Nevada of a commodity specified in the quarantine is prohibited if grown or shipped from an area under quarantine. A commodity that enters this state in violation of the quarantine must be immediately shipped to a destination outside of this state or destroyed by burning or other manner approved by the department</b>
<b>Mint disease</b> ( <i>Verticillium albo atrum</i> ) NAC 554.480	Any species of the genus <i>Mentha</i> that may be used for the <i>production of oil</i> .	All states and territories of the U.S.	<b>Does not apply to containerized nursery stock.</b> Permit required for shipment of propagative material intended for commercial production of oil.
<b>Mint stem borer</b> ( <i>Pseudobaris nigrina</i> ) NAC 554.525	Any species of the genus <i>Mentha</i> that may be used for the <i>production of mint oil</i> .	Prohibited if from AL, CT, FL, MA, NJ, NY, NC, PA, RI, SC, VA, Malheur Co. in OR, the counties of Payette, Canyon, Ada, Gem, Washington, Owyhee, and Elmore in ID. Restricted from all other states or portions of states.	<b>Does not apply to containerized nursery stock.</b> Certificate of quarantine compliance required for shipments of propagative material intended for production of oil from restricted states. Prohibited from all others as shown.

### Nevada Quarantines Continued:

Quarantine	Articles	Areas under quarantine	Provisions
<b>Potato late blight</b> ( <i>Phytophthora infestans</i> ) NAC 554.755	Plants of tomato, potato, or seed potatoes	All states and territories of U.S.	Certificate of quarantine compliance required for all shipments.
<b>Stem and bulb nematode</b> ( <i>Ditylenchus dipsaci</i> )  <b>White rot fungus</b> ( <i>Sclerotium cepivorum</i> ) NAC 554.910	Propagative bulbs, cloves, sets or seedlings of garlic, onion, and other <i>Allium</i> species	All states and the District of Columbia	Applied only to regulated articles to be used for <b>commercial production</b> . Does not apply to materials offered for sale for home use. See NAC 554.558 for Kings River Valley special quarantine.

### Federal Quarantines: (CFR)

Quarantine	Articles	Areas under quarantine	Provisions
<b>Asian longhorned beetle</b> ( <i>Anoplophora glabripennis</i> ) CFR 301.51	Firewood (hardwood species), green lumber and other living, dead, cut or fallen logs, stumps, roots, branches, & debris ½ inch diameter or larger	NY (portions) IL (portions)	Certificate, limited permit unless moved by USDA.
<b>Black Stem Rust</b> ( <i>Puccinia graminis</i> ) CFR 301.38	<i>Berberis</i> and <i>Mahonia</i> plants and plant parts	The continuous 48 States.	Certificate or limited permit needed to ship to IL, IN, IA, KS, MI, MN, MT, NE, ND, OH, PA, SD, WV, WI, WY and parts of WA.
<b>Citrus Canker</b> ( <i>Xanthomonas axonopodis</i> ) CFR 301.75	Plants, plant parts of citrus, kumquat and <u>Poncirus trifoliata</u> (Flying Dragon)	Portions of Broward, Collier, Dade and Henry counties of FL.	Certificate or limited permit required for movement to citrus producing area.
<b>European Larch Canker</b> ( <i>Lachnellula willkommii</i> ) CFR 301.91	Logs, pulpwood, branches, twigs, plants, scion, and other propagative material of <u>Larix</u> spp. and <u>Pseudolarix</u> spp.	Portions of Hancock, Knox, Lincoln, Waldo and Washington counties of Maine.	Certificate or limited permit issued and attached or on certificate if moved into a contagious regulated area or through a regulated area from a non-regulated area in a sealed container.
<b>Golden Nematode</b> ( <i>Heterodera rostochiensis</i> ) CFR 301.85	Soil, compost, humus, muck, peat decomposed manure, plants with roots (except soil-free aquatic plants), grass sod, bulbs, corms, rhizomes and tubers of ornamental crops, Irish potatoes and other root crops, hay, straw, fodder, plant litter, ear corn used crates, boxes and burlap bags and containers, farm tools, cultivating and harvesting equipment and soil-moving equipment.	Cayuga County, and portions of Genesee, Livingston, Nassau Orleans and Seneca Counties in NY.	Certificate or limited permit required.
<b>Gypsy moth</b> ( <i>Lymantria dispar</i> ) CFR 301.45	Christmas trees, trees with roots, shrubs with roots, logs, pulpwood, wood chips, mobile homes, trailers, outdoor household items	CT, DE, DC, MD, MA, NH, NJ, NY, PA, RI, VT, and parts of ME, MI, NC, OH, VA, WA, WI, WV	Certificate, limited permit, permit, OHA Document and inspection statement covering logs, pulpwood or wood chips.

### Federal Quarantines Continued:

Quarantine	Articles	Areas under quarantine	Provisions
<b>Japanese Beetle</b> ( <i>Popillia japonica</i> ) CFR 301.48	Airplanes from regulated airports	Regulated airports.	Treated cargo areas. No live beetles found.
<b>Karnal Bunt</b> ( <i>Tilletia indica</i> ) CFR 301.89	Trucks railroad cars and other containers used to move wheat, durum wheat, and triticale, grain elevators, equipment and structures used for storing and handling of wheat, durum wheat, and triticale, milling products or byproducts (except flour), plants, plant parts, grain seed or straw of all varieties of wheat and triticale, root crops with soil and soil from areas where field crops were grown or produced, manure from animals that have fed on wheat, durum wheat, and triticale, used bags, sacks, farm tools mechanized cultivating, harvesting and soil-moving equipment.	Portions of AZ, CA, NM and TX.	Certificate or limited permit required unless moved into or through a quarantine area from a non-quarantined area and the origin stated on the waybill accompanying the shipment.
<b>Oriental Fruit Fly</b> ( <i>Bactocera dorsalis</i> ) CFR 301.93	Fruits, nuts, vegetables and berries that are hosts of Oriental fruit fly, soil within the drip area of plants that are producing and have produced host fruit.	Portions of Los Angeles and San Bernardino Counties of California.	Certificate or Limited Permit required except if moved from a non-infested area through an infested area in an enclosed vehicle.
<b>Pine shoot beetle</b> ( <i>Tomicus piniperda</i> ) CFR 301.50	Pine cut Christmas trees, pine nursery stock, pine wreaths and garlands, bark nuggets, chips, logs with bark attached, stumps with bark attached	IN, IL, MD, MI, OH, PA, NY, WV	Certificates or permit required unless moved by USDA.
<b>Pink Bollworm</b> ( <i>Pectinophora gossypiella</i> ) CFR 301.52	Cotton, seed cotton, cotton seed, American-Egyptian varieties of cotton, lint, linters and lint clearer waste, cotton waste, gin trash used in bagging, wrapping of cotton and harvesting equipment, kenaf, okra	AZ, MN, TX and parts of CA.	Certificate, limited permit or restricted destination permit required unless exempted during specific dates.
<b>Plum Pox</b> CFR 301.74	All plants and plant parts of stone fruits.	Portions of Adams County PA.	Movement outside guaranteed area prohibited unless moved by USDA.
<b>Red Imported fire ant</b> ( <i>Solenopsis invicta</i> ) CFR 301.81	IFA queens and reproducing colonies, soil, baled hay and straw stored in direct contact with the ground, plants and sod with roots attached, plants that can live outdoors, and used soil-moving equipment with noncompacted soil.	TX, LA, MS, AL, GA, FL, SC, NC, TN, OK, NM, AR, CA counties of Orange, L.A., Riverside	Certificate of quarantine compliance, permit or limited permit required from areas under quarantine.

## Federal Quarantines Continued:

Quarantine	Articles	Areas under quarantine	Provisions
<b>Sudden Oak Death</b> <i>(Phytophthora ramorum)</i> CFR 301.92	<p><b>Regulated articles:</b> soil, and nursery stock, unprocessed wood and wood products including firewood, logs, lumber, wreaths, garlands, and greenery of the following species: <i>Viburnum X bodnantense</i>, <i>Acer macrophyllum</i>, <i>Quercus kelloggii</i>, <i>Umbellularia californica</i>, <i>Aesculus californica</i>, <i>Rhamnus californica</i>, <i>Lonicera hispidula</i>, <i>Quercus agrifolia</i>, <i>Vaccinium ovatum</i>, <i>Arbutus menziesii</i>, <i>Arctostaphylos manzanita</i>, <i>Rhododendron spp.</i>, including azalea, <i>Quercus parvula</i> var. <i>shrevei</i>, <i>Lithocarpus densiflorus</i>, <i>Heteromeles arbutifolia</i>, <i>Viburnum tinus</i>, <i>Camelia japonica</i>, <i>Trientalis latifolia</i>, <i>Quercus chrysolepis</i>, <i>Pieris formosa</i></p> <p><i>Sequoia sempervirens</i>, <i>Pseudotsuga menziesii</i> var <i>menziesii</i>: Cut Christmas trees, forest stock including basal sprouts, small branches of less than 1" diameter, needles (see quarantine), greenery, garlands and wreaths, including basal sprouts, small branches of less than 1" diameter, needles (see quarantine) and nursery stock.</p> <p><b>Restricted articles:</b> bark chips, forest stock (non-nursery sourced plants), and mulch of the species listed above as regulated articles.</p>	California counties of Marin, Alameda, Mendocino, Monterey, Napa, San Mateo, Santa Clara, Santa Cruz, Solano, and Sonoma, Humboldt, Contra Costa, and Curry County in Oregon..	<p><b>Regulated articles from quarantined area:</b> certificate of quarantine compliance (shipped from nursery inspected for and found free of <i>P. ramorum</i>, stock is inspected for <i>P. ramorum</i> immediately prior to shipment, kept separate from regulated articles not inspected for <i>P. ramorum</i>, not grown in, or moved from, other areas within the quarantined area except nurseries or premises that have been inspected for <i>P. ramorum</i>, and have been found free of <i>P. ramorum</i>.</p> <p><b>Restricted articles:</b> Only under USDA-issued permit.</p> <p><b>Regulated /restricted articles from outside of the quarantined area:</b> certificate of origin or an inspection certificate showing origin of stock in shipment.</p>
<b>Sugarcane Diseases</b> <i>(Gummosis: Xanthomonas vasculorum</i> <i>Leaf scald: Xanthomonas albilineans)</i> CFR 301.87	Sugarcane plants whole or in part (except boiled sugarcane chews), true seed and bagasse (sugarcane boiler firewood), used sugarcane equipment, sugar cane juice.	Hawaii and Puerto Rico	Certificate or Limited Permit required.
<b>Witchweed</b> <i>(Parasitic species of Striga)</i> CFR 301.80	Soil, compost, decomposed manure, humus, muck peat, sand, gravel, plants, bulbs root crops with soil attached, un-boiled or un-roasted peanuts, peanut shells, soil attached to: grains, soy beans, hay, straw, fodder plant litter, seed cotton, gin trash, stump wood, long green cucumbers, cantaloupes, peppers, squash, tomatoes and watermelon. Pickling cucumbers, string beans, field peas, lettuce with loose outer leaves on, non fume-cured tobacco leaves and ear corn. Used crates, boxes, burlap bags, farm products containers, farm tools, harvesting equipment, and soil moving equipment.	Counties of Bladen, Columbus, Cumberland, Pender, and Sampson in NC and the Counties of Dillon, Horry and Marion in SD.	Certificate or permit required unless exempted by the regulation.
